

December 2021

I have been given God's blessing this year, the blessing of a broken heart. This helps me keep my eyes on Jesus. I lost my major support, but God reached more villages in the world (setting new records). God let me have another year to serve Him. God is working in Pure Water for All Foundation. A yearly look back is clearly showing His hand upon me.

In 2021, 2,404 villages received a chlorine system and the Gospel of the Lord Jesus Christ. This was an increase of 743 from last year. Over 6 villages were reached daily. These were done with the direction of national pastors and missionaries. The Living Water was presented as well, and souls were saved. This resulted in many, many new believers. New churches were started, and countless lives were reached.

The countries reached were the Republic of the Congo, Nicaragua, Malawi, Kenya, Peru, Panama, Uganda, Burundi, Brazil, Mexico, Pakistan, Guatemala, South Sudan, Argentina, Liberia, Sierra Leone, Ivory Coast, Costa Rica, and Ghana.

I will share a couple of testimonies from Africa:

"Great news from Liberia! New churches been planted because of John Hays' chlorine water-treatment system. The land for the church building was free, given by a man who was healed by the chlorine-treated water."

Our orphanage has no more sickness from bad water, Pastor Harris, owner of the Liberian home reports.

Thank you for your generous financial support and prayers.

Pray for an upcoming trip into Sierra Leone with 200 systems that will reach that many villages with the Gospel of the Lord Jesus Christ.

May Jesus be glorified and His perfect will be done in me.

God's water boy,

John Hays
