

Anna Long
MISSIONARY TO THAILAND

July 2025

Hello Friends,

It has been a busy few months, but I am grateful for the meetings that God has provided.

April: My bus route in Kentucky had its Spring Program, and I was able to help them every week. We finished off the month with a big community picnic. Due to the picnic, we had 9 salvations!

May: I was able to part of a Missions Conference in Missouri, where I got to teach the children's class. I have a bunny puppet named Bugsy that travels with me. It is a great tool that I use to teach kids. I also got to visit and be a part of two additional churches in Missouri.

June: I was able to go to Maryland for 13 days, where I had the opportunity to present my ministry to 5 different churches. It was a busy few days, but I saw the Lord provide in many ways during that time.

During my time in Maryland, I got to help with a Vacation Bible School at Solid Rock Independent Baptist Church. Four kids got saved because of the VBS there! I had the opportunity to witness to 2 young girls. They had come together for the first time to that church. Both of them told me very adamantly that they did not believe in God. They allowed me to go through the plan of salvation with them, and I answered some questions they had. At the end of our talk, they did not want to get saved. How sad that at such a young age, they didn't believe that God exists. Pray that they will continue to come to church and learn that God loves them.

Prayer Request: Pray for my summer schedule. Pray that God would give me the meetings I need.

Thank you for your prayers and support!
