FUNDAMENTAL BAPTIST MISSIONS INTERNATIONAL

Dear Praying Friends,

We invite you to rejoice with us in God's blessings upon our churches. Since our last letter, we have seen scores of souls saved and baptized and members added. We have held several special evangelistic meetings in the streets and rehabs here in our city. In our main church, we have had special services with great attendances too! Glory to God!

Diego Hernandez is a man from our church who is a recent Bible college graduate. He is planning to start a church but is undecided yet as to a location. He has been in town for some doctor's appointments. He has accompanied me for some special services in rehabilitation centers here in the area. One day, we had 80 men saved and 43 people baptized in these meetings. Please pray for this young family that has surrendered to start a church.

Bro. Diego's Family

One recent Saturday night, my wife had a medical emergency. We were preparing for the services the next day when she felt sharp pains in her abdomen. I rushed her to the emergency room here in Guadalajara, and the doctor performed an ultrasound on her. He discovered stones in her gallbladder. Please pray for her as we continue in prayer for her health and seek further medical advice.

I contacted the other two men who have been sent out from our church who pastor here in the area to come to a prayer meeting. They brought some of their faithful men with them. We anointed my wife with oil and prayed over her and other sick members of our church.

These men are pastors sent out from our church.

Our son Robert will be starting his junior year at Bible college next month.

This year, our daughter Veronica will be accompanying him as a freshman. Please pray for guidance for our children, as they are determined to do God's will for their lives. Pray for Veronica, who will be adapting to a new country and culture.

Our church has a thriving ministry of church routes. We use five church vehicles. Last month, two of them broke down — both with major engine problems. We have one in the shop, with the other in need of repair. If you would like to contribute to this need, please contact us.

Please continue to pray for our safety. Pray for our children, and pray for Diego, who will soon be making decisions that may affect multitudes for eternity. Pray for healing for my wife and wisdom for the doctors that will be diagnosing her. We are praying for you.

Sincerely,

Robert Wilson

Veronica is a faithful Sunday school teacher in our two churches.
