

# Update from the Arold Family

Your Missionaries in Thailand Since 2008

August/September 2025

Friends and Supporters,

Thank you for taking the time to read our prayer letter. God blessed in amazing ways in the months of August and September. We were able to move into our new building, and God blessed us with 258 people in attendance, with 19 saved and 9 baptized. God has put it on my heart more than ever that we need to begin an intense discipleship program so we can reproduce ourselves and do SO much the more as we see the day approaching.

Several days after the big day and a series of amazing meetings with great leaders, I went to the hospital to find out I had appendicitis. I was immediately taken in for surgery and was in the hospital for two nights. God was right on time because I almost didn't go to the hospital, and a burst appendix can lead to septic shock if not treated quickly. Once again, God stepped in and saved my life.

I am thankful for your prayers and support for these past many years. May God bless you and use you in ways that you never imagined.

If you are interested in coming and visiting our new building or you would like to be a part of the massive school ministry we have, especially in November and December, please let me know. Thank you so much!

By His grace,
