

# Update from the Arold Family

Your Missionaries in Thailand Since 2008

October 2025

Good Morning,

For several years, Jai has been coming to our church. My wife reached her for Christ in a Bible Club, and she has come ever since. She has been the most difficult teenager we have ever worked with. Cussing, fighting, screaming, and disrespect are issues she could not get control over.

In the past 90 days, though, Jai has changed. On Saturday night, we have Bible class, and tonight, Jai came for the first time. She brought 11 visitors to church a few weeks ago. Jai has been doing amazing. She is 16 years old. Tonight, after the Bible class, I asked her what has changed her and what has happened. She told me that she began listening in church and began to realize God loves her and was not happy with how she was acting.

God has changed Jai's life through the preaching. I have seen changed lives here, but the dramatic change that God has done in her life is amazing. I almost started crying as I listened to her testimony.

I have attached a picture of Jai. There are many stories like her. She and her family have very little, but her attitude is amazing. Please pray for Jai.

Thank you for investing in the 10/40 window. Your sacrifice is making a difference. (Jude 22)
