## MISSIONARIES TO EAST AFRICA

### A Word from Our Nationals

September 2025

**Bomet Region**

Greetings in the Name of Our Lord Jesus Christ.

We are doing well at Bomet. The church is growing spiritually and in number as well. Some of the congregation moved, which reduced our number from above 60 to 55. Among them are two families whose movement was necessitated by work transfer. This encouraged us to do soul winning in the villages near town so as to get indigenous people joining us. Those who move away are our ambassadors outside our county, though we don't know which hands they fall into. We are trying to follow up on them to find out churches we can refer them to.

We intend to have VBS for the children in December. This will be a very good way of reaching out to their parents as we follow up on them. Recently, we were able to reach a mother of one of the Sunday school children who gave her life to Jesus Christ. That's why I feel VBS will enable us to reach their parents. The only challenge is the limitation of resources.

I have been visiting them occasionally since I currently operate from home. It is my prayer that God will enable me to get enough money to rent a fair house and to sustain me so that I can manage to reach many.

Again, pray for us that we may get a spacious land for church services, as we currently use a personal house.
