September 2025

Dear Pastors, Friends, and Co-laborers,

During the month of September, our family focused on updating and cleaning things up around the church and property. We now have a projector and screen, thanks to the Morris family! Now, our congregation is able to sing along together from the projector screen, and I am able to have the Scripture verses for everyone to see along with their Bibles. We also spent the time having a gate put up for protection and safety. Then we had the property cleaned and the grass cut! Now, we have a spacious area for our church children to play in after church. We also want to thank our church members for helping us tirelessly on all of these projects to update everything at the church!

Over the past few months, we have had some of the church members step up and do more around the church. This has been a blessing to see, for it is proof of the church's spiritual growth and momentum in the right direction as we aim for the church to become more and more self-productive and self-sufficient! We have also witnessed more people willing to sing specials during the Sunday morning services! One young lady has really been a blessing, as she has been led to sing more since the Teen Conference we attended in August!

Lastly, PPTA went well this month. We had a lower number of men this month (23), as many were out due to sickness or funerals. Even though we were slightly down in number, we were not down in spirit. These men have been growing spiritually every month! My two teachers from this month in PPTA also gave me great feedback from their time with the student pastors. We look forward to how these men will grow in Christ and how God is going to impact their churches and ministries!

Thank you so much for having a part in the Lord's work here in Kenya, East Africa, and for making it possible for us to be His laborers here!

Your co-laborers for lost souls across East Africa,
