FUNDAMENTAL BAPTIST MISSIONS INTERNATIONAL

Dear Praying Friends,

We thank the LORD for the many blessings He has bestowed upon us. Since our last prayer letter, we have had dozens saved in our church ministries and many new visitors in our services. We had the electricity put in our second church, so we can remodel there. We've also started up our Christian school for this semester. Glory to God!

In September, we celebrated Mexican Independence Day. Several people wore folkloric clothing, and we had a special meal. We had new people come who were saved. I stressed the importance of celebrating our freedom by spreading the Gospel throughout our city. The response was great, with many committing to attending our soul-winning programs.

We have been holding open-air meetings in our city with great results. We hold these meetings on Saturdays so we can invite the people to our Sunday services. The last two weeks, we have had visitors come to our church from these meetings. It is a blessing to see many of our people involved in these evangelistic services. It's also astounding to see how many people attend these meetings with such short notice.

For years, our second church has had services before sundown because of a lack of electricity. We resorted to using solar lamps when needed. However, last month, we went to the electric company and completed the process of meeting the codes required to get electricity installed. Now that we have service, we must now proceed with all of the wiring and installation.

Pray for our children, Robert and Veronica, in Bible college. We now have just one child, Rosalinda, at home. Robert and Veronica have served faithfully all their lives here in Mexico. They are currently working together in the ministries in Chicago. Pray for God's guidance for them in this pivotal time of their lives.

Also pray for our upcoming Missions Conference in November. Our church has a world vision, and it is exciting to see the participation of our entire church family for this event. We will be taking up our new Faith Promise pledges, and we are hoping to add more missionaries to our roster.

Please pray for our health. The doctor found some things we need to monitor. We are glad we have found these problems in time to do some preventative maintenance. I also suffered a fall in our home last month and fractured two ribs. I am recovering, so I am being careful. Pray also for our protection and safety. We are praying for you.

Sincerely,

Robert Wilson
